MA380 Macrofan Airtech UHS Clearcoat Kit

**2K UHS clearcoat
with AIR DRYING
technology**

MA380 AIRTECH
Reduces energy consumption
and process time so
increasing productivity

*Handling and polishing
in record times!*

RAPID AIR DRYING reduces booth usage
reducing costs and bottlenecks and
hence increasing productivity

Thanks to its **LOW VISCOSITY**
MA380 AIRTECH is easy to apply
with high coverage.

MA380 AIRTECH produces a finish with
exceptional hardness and gloss and excellent
long-term durability.

LOW VOC EMISSIONS (~350g/lit)
together with no requirement for drying
in the spray booth considerably reduce
the environmental impact.

MA380 AIRTECH
is part of the High Efficiency
painting processes
of the LECHLER SYSTEM
